Pauline Rogers

A Mystery to Behold

Using her fantastic tools – which save time, money and frustration, Pauline will be teaching us several different techniques such as Quilt As You Go, Bias Appliqué, Chenille sticks, rouching & scrunching fabric. All are great techniques that can be used in many other creative ways.

Along with all the texturing techniques you will learn all sorts of Free Motion Quilting that is achievable on an average sewing machine.

Pauline will take you through choosing your colour combination at the Wacky Jacky's Shop and collect colour swatches in your desired pallet.

We will spend a day at a Batik Factory actually getting our hands dirty creating our own 100% cotton Batik Fabric to make our Mystery Quilt.

You get to spend 3 intense "at Sea" days on the cruise learning Pauline's fantastic techniques and finishing your wonderful creation.

The project will be a wall hanger or lap quilt size but will remain a mystery until you get here. This class is a fantastic learning experience.

Helen Godden

A Fusion of East Meets West

This is a unique opportunity to experience the fusion of two artistic power-houses from two worlds apart.

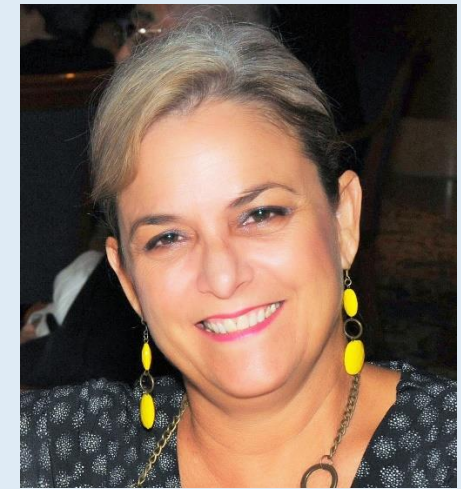

We have combined the amazing talents of the multiple international award winning Helen Godden with one of Bali's most famous batik artist instructors to take you on inspirational journey where you will discover new techniques and learn valuable insights from the industry's best.

Your experience will begin with Helen in Bali taking you on a cultural photographic expedition to stir up your creative juices and guide you through the process of how to apply your inspiration to your project.

Helen will combine her talents in visual arts and free-motion quilting with the traditional art of Balinese tjanting from local talent to teach you a truly unique art form that few have ever seen.

Helen will teach you her unique style of Free Motion Quilting and help you finish you're amazing piece on 3 of your "at Sea" days on the cruise.

The project will be a wall hanger size.
